

Appln. No. 10/799,138
Amdt. dated April 26, 2005
Reply to Office action dated January 7, 2005

Amendment to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (currently amended) A bottle opener for removing a bottle cap from a bottle and having a triangular shape and adapted for mounting to the underside of a horizontal surface, the opener having a base, first and second leg portions extending substantially perpendicular to said base and having first and second ends, a third leg extending substantially perpendicular to said base and coupled between said first ends of said first and second leg portions, said third leg having a first end and a horizontal edge portion having our outer surface and extending from said vertical portion first end, said horizontal edge portion engaging and removing said bottle cap, the distance between the said inner surface of said horizontal edge portion and said base being greater than the height of said bottle cap, holes being formed in said base and adapted to receive fasteners to secure said opener to said horizontal surface.

Claims 2-3 (canceled)

4. (currently amended) The bottle opener of claim 1 wherein said horizontal edge portion extends substantially the entire length of said third leg.
